

Interested to Pursue a Doctoral Degree in the Field of Clean and Renewable Energy?

Research Institute for Sustainable Energy (RISE) of TCG Centres for Research and Education in Science and Technology (TCG CREST) invites applications from prospective Ph.D. candidates interested in Energy Science. The topics of research are in the areas of Solid State Battery, Lithium and Sodium Ion Batteries, Electro-deposition of Metals, and Electro-catalysis/Photocatalysis.

Students in their final semester pursuing M.Sc/B.Tech/M.Tech/BS-MS Degree in Physics, Chemistry, Material Science & Engineering, Chemical Engineering, Nanotechnology and other such related areas, who have qualified in NET, GATE, DST Inspire Fellowship may apply. For short-listing, candidates who meet the eligibility criteria are encouraged to email their Curriculum Vitae before 30 June, 2022 to: rise@tcgcrest.org. The shortlisted candidates will have to appear for a selection interview. If deemed necessary, prospective candidates may also have to write a qualifying examination.

Junior Research Fellowship

Rs. 40,000/- per month
(inclusive of HRA)

An appropriate contingency amount will be provided for attending National/International conferences and other such expenses

Application Deadline: **June 30, 2022**
